Box Label Printer Recommendations

Standard and commercial box label printers for use with Fresho's box printing feature.

Brother Pro Wireless Label Printer QL-810W

For **standard** box label printing with Airprint, the Brother Pro Wireless Label Printer QL-810W is recommended. [Here.](#)

RECOMMENDED ACCESSORIES:

- Labels 62mm x100mm. [Here](#).

Product Tip: To ensure content fits to printable areas, on your PC go to Printer Properties and Printer Preferences and adjust the width and height to fit your purchased labels.

The information presented are opinions. Fresho recommends you perform your own independent research prior to purchasing.

TIME TO GROW

Brother TD-4550D

For **standard** printing alternatives with Airprint, the Brother TD-4550D, or any other printer from the Brother TD-45 series is recommended.

Zebra ZT410

For **commercial** box label printing, the Zebra ZT410 is recommended. This is only necessary if printing a large amount of labels at one time.

Zebra ZT410 [User Manual](#)

RECOMMENDED ACCESSORIES:

- Labels
- Apple Ipads: Ipads are recommended as android Airprint can be less efficient
- PrestoGO! Airprint program

Note: Commercial printers usually <u>do not</u> have Airprint built in so an Airprint program will need to be installed to be used with an Ipad.

Product Tip: To ensure content fits to printable areas, on your PC go to Printer Properties and Printer Preferences and adjust the width and height to fit your purchased labels.

PrestoGO!

IMPORTANT: *Airprint program will need to be installed for **commercial** printers.*

1. *Install: PrestoGO!* [Here.](#)
2. *Purchase license:*
   a) *Create an account and purchase $49 a year subscription PRESTOGO connect to Ipad; and*
   b) *Key in licence and connect Ipad to Wifi to print.*
